

You Or Nothing Else

Grace Ives

I've been thinkin' about second chances
Opening up for romances
I'm counting up the times we danced and
I was there for you
Or sip it out like expensive wine
I remember when you said, "I'm not fine"
I was there for you

I've been thinkin' about my second chances
Opening up all romances
And I've been counting up the times we danced and
I was there for you
If you want, we could go fast like the last time
Or sip it out like expensive wine
I remember when you said, "I'm not fine"
I was there for you

I was there for you
I was there for you
