Grace Jones

"I first got introduced to your music with a song called 'La Vie En Rose'"

"Oh, you're kidding. That's my first album."

"That was great!"

"Uh huh!"

"Is that a special song to you?"

"That's a very special song to me. Oh God, I cry every time I sing it. It's that special -"

"What's it mean to you?"

"Well it means, uh, a lot of romance, and um.. I had quite a few French lovers, you know, so every time I sing it I think about them."

"So lots of fond memories, then?"

"I'm - Yes - "
