

Mistreater

Grace Slick

Well she drives 'round town
In an Ace Cadillac
She's got a tongue like a whip
Runnin' right across your back
If you turn 'round
Sometimes you'll bring her down

She's got a face like an angel
She knows how to use it
She gets what she wants
From all the confusion
With a lovin' smile
But it just takes awhile

Before she's doin' you dirty
And it's all over town
She's got you under her wheels
And you're sinkin' down

She's a mistreater
Got the devil in her heart
Mistreater
Bring you down, down, down
Mistreater
Gotta blow your heart apart
Mean mistreater
Yeah

She said she don't wanna lose ya
She'll try again
Soon as you turn your back
She'll be mistreatin' again

She's got her hand on her whip
And she holds it tight
Got it wrapped around your neck
Oh, til you don't wanna fight
No, you don't wanna fight

She's got an evil in her heart
She's a devil's daughter
She's a black cat
Made outta fire and water

She's a mistreater
Got the devil in her heart
Mistreater
Bring you down, down, down
Mistreater
Gotta blow your soul apart
Mean mistreater

Ooohh
You can't break her heart of stone
There's no use to try
No use to try
You can't break her heart of stone

She's a mistreater
Got the devil in her heart
Mistreater
Bring you down, down, down
Mistreater
Gotta blow your soul apart
Mean mistreater

She's a mistreater
Got the devil in her eye
Mistreater
Bring you down, down, down
Mistreater
Causing trouble all the time
