

# Hope For Change

Grace VanderWaal

I tried to wake up today  
Kept making withdrawals  
But now we've got to pay

When will we realize  
We shouldn't touch the fire  
'Cause now it seems  
We were pushed to walk the wire

This is just the same old classic stupid day  
You never think of what you're gonna do or say  
We don't worry 'bout tomorrow  
Should we worry 'bout tomorrow?  
We just hope for some kind of change  
Just hope for some change

See if we did hear a question go around  
So quickly  
But I guess that song lures  
The same old thing

When will we realize  
We shouldn't touch the fire  
'Cause now it seems  
We were pushed to walk the wire

Hey, this is just the same old classic stupid day  
You never think of what you're gonna do or say  
We don't worry 'bout tomorrow  
Should we worry 'bout tomorrow?  
We just hope for some kind of change  
Just hope for some change

Just hope for some, just hope for some  
Just hope for some, just hope for some

When will we realize  
(Just hope for some, just hope for some)  
We shouldn't touch the fire  
'Cause now it seems  
(Just hope for some, just hope for some)  
We were pushed to walk the wire

This is just the same old classic stupid day  
You never think of what you're gonna do or say  
We don't worry 'bout tomorrow  
Should we worry 'bout tomorrow?  
We just hope for some kind of change  
This is just the same old classic stupid day  
You never think of what you're gonna do or say  
We don't worry 'bout tomorrow  
We don't worry 'bout tomorrow  
We just hope for some kind of change  
Just hope for some, just hope for some  
Change
