

## Repeat

Grace VanderWaal

Don't say that I should know better  
No shame, messed up, broken mirror  
Don't know why I'm drawn to fear  
Hm

Walking downtown, smiling stranger  
Light up, burnt out, thought I knew ya  
I'll pretend I don't see through ya  
Hm

Off the safety, I shoot the gun and I, and I, and I go again  
Off the rails and I'm on the run and here, here, here we go again  
in  
Flip the switch and I'm in the mode, but I'm in control  
Just so you know. And I, and I go again

Dark night, bright light, self-destruction  
Blow my phone up, your obsession  
I don't need another lesson  
Hm

It won't kill me  
Treading lightly  
Please don't hate me  
Smarter than you think

Off the safety, I shoot the gun and I, and I, and I go again  
Off the rails and I'm on the run and here, here, here we go again  
in  
Flip the switch and I'm in the mode, but I'm in control  
Just so you know.  
And I, and I go again

Oh LaLaLaLaLa  
Oh LaLaLaLaLa  
Oh LaLaLaLaLa  
Oh LaLaLaLaLa

Off the safety, I shoot the gun and I, and I, and I go again  
Off the rails and I'm on the run and here, here, here we go again  
in  
Flip the switch and I'm in the mode, but I'm in control  
Just so you know. And I, and I go again
