

# River

Grace VanderWaal

Been travellin' these wide roads  
So long  
My heart's been far from you  
Ten thousand miles gone

Oh, I wanna come to and give you  
Every part of me  
But there's blood on my hands  
And my lips are unclean

In my darkness I remember  
Momma's words reoccur to me  
"Surrender to the good Lord  
And wipe your slate clean"

Take me to your river  
I wanna go  
Oh, take me to your river  
I wanna go

Dip me in your smooth water  
Or go in  
From a man with many crimes, come up for air  
As my sins flow down the Jordan

Oh, I wanna come to and give you  
Every part of me  
But there's blood on my hands  
And my lips are unclean

Take me to your river  
I wanna go  
Oh, take me to your river  
I wanna go

Wanna go, wanna go, wanna go  
Wanna know, wanna know, wanna know  
Wanna go, wanna go, wanna go  
Wanna know, wanna know, wanna know, hoo

Go, take me to your river  
I wanna go  
Lord, just please, let me know  
Take me to your river  
I wanna go

Go, take me to your river  
I wanna go
