

Loyal

Grace

Met this boy, we vibe amazin'
Every time we chill, it's wavy
Feels like it's too good to be true
Switched out, started movin' shady
Found out he had a wife, her name Stacy
All this time, he had me fooled

Mmh, he never take me to the crib
He never show me where he live, nah
Ain't never talk about his kids, oh, so

Who am I gonna be loyal to?
Who am I gonna be loyal to?
Not you
Not you, yeah
Who am I gonna be loyal to?
Who am I gonna be loyal to?
Not you
Not you, yeah-yeah

No one loves me more than Katy
We been cool since we was babies
Bet my life she won't forsake me, no
Smile in my face, congratulate me
Behind my back she talkin' crazy
Can't trust her now I know the truth

Mmh, I used to tell her all my business
And everybody that I've been with
And everyone that's on my hit list, mmh

Who am I gonna be loyal to?
Who am I gonna be loyal to?
Not you
Not you, oh
Who am I gonna be loyal to?
Who am I gonna be loyal to?
Not you
Not you
Not you
Not you, yeah
