Used To

Grace

Used to be a thug, be a savage
Used to be a tough little bad bitch
Stayin' in the clouds, call me Maverick
One look cuffed me, don't know how it happen (Skrr)

I can't recognize the way I'm feelin', got me stressed
Why do you insist on runnin' so close in my head?
How do you know everything I say, before it's said?
You got me thinking way too far ahead

He say he love me with no makeup, makeup
Wanna see him when I wake up, wake up
This is what I was afraid of, 'fraid of
Man I pray that we don't break up, break up 'cause

Used to be a thug, be a savage
Used to be a tough little bad bitch (Bad bitch)
Stayin' in the clouds, call me Maverick
One look cuffed me, don't know how it happen (Skrr)
Now I got a brand new status
And I wear it on my sleeve like it's fashion (Fashion)
You want me, that be too classic
Falling, crashing, don't know how it happen

My girls are worried 'bout me
Never see me with someone that I don't wanna leave
Cuffed up, locked down, feelin' finally free
That's not usually me, nah, nah

He say he love me with no makeup, makeup
Wanna see him when I wake up, wake up
This is what I was afraid of, 'fraid of
Man I pray that we don't break up, break up 'cause

Used to be a thug, be a savage
Used to be a tough little bad bitch (Bad bitch)
Stayin' in the clouds, call me Maverick
One look cuffed me, don't know how it happen (Skrr)
Now I got a brand new status
And I wear it on my sleeve like it's fashion (Fashion)
You want me, that be too classic
Falling, crashing, don't know how it happen

Ooh, ooh-ooh, ooh-ooh-ooh, ooh, ooh-ooh
I used to be a savage, ooh-ooh
Ooh, ooh-ooh, ooh-ooh-ooh, ooh, ooh-ooh
I don't know
Ooh-ooh, ooh-ooh, ooh-ooh

Used to be a thug, be a savage
Used to be a tough little bad bitch (Bad bitch)
Stayin' in the clouds, call me Maverick
One look cuffed me, don't know how it happen (Skrr)
Now I got a brand new status
And I wear it on my sleeve like it's fashion (Fashion)
You want me, that be too classic
Falling, crashing, don't know how it happen

Don't know, don't know, don't know
