

Stop Stop!

Gracenote

Stop stop
Stop stop the grieving
'Cause now I feel like dancing
Dancing, let the people bring it
Just keep the music going
Just keep the music going

Oh it's been a long day in school
Trying to get out of the stress bridge
Tonight is your night
Wear your best dress, come with me
Where dancing begins

Stop stop
Stop stop the grieving
'Cause now I feel like dancing
Dancing, let the people bring it
Just keep the music going
Just keep the music going
Hey!

Tonight we must be celebrating
Celebrate everything we did
We'll show those moves
That people go go go go crazy yeah

Stop stop
Stop stop the grieving
'Cause now I feel like dancing
Dancing, let the people bring it
Just keep the music

Stop stop
Stop stop the grieving
'Cause now I feel like dancing
Dancing, let the people bring it
Just keep the music going

Stop stop
Stop stop the grieving
'Cause now I feel like dancing
Stop stop
Stop stop the grieving
Just keep the music going
Just keep the music going

STOP STOP
