Better

Gracie Abrams

Don't feel it all
Talk slow and leveled
Foot off the pedal
Same shirt and perfume on

The two of us were accidental
But so good together
Now all I feel is

So bad about it
I barely left my bed
We talk around it
All for nothing

So if that's all it was
If you're good giving in, giving up
So if that's all it was
Hope you feel better now
And if that's what you want
If you don't wanna see me at all now
So if that's all it was
Hope you feel better now

It's been a while
Old clothes fit larger
You're looking smaller
What happened when I left

I'm still sad about it
You've barely left my head
We talk around it
All for nothing

So if that's all it was
If you're good giving in, giving up
So if that's all it was
Hope you feel better now
And if that's what you want
If you don't wanna see me at all now
So if that's all it was
Hope you feel better now

I'd turn the car round if you'd let me
If you let me, you let me
You know I'd cry my eyes out till I'm empty
Till I'm empty, I'm empty

So if that's all it was
If you're good giving in, giving up
So if that's all it was
Hope you feel better now
And if that's what you want
If you don't wanna see me at all now
So if that's all it was
Hope you feel better now

Hope you feel better now

Hope you feel better
