

# Long Sleeves

Gracie Abrams

Packing while you're asleep  
You were the catalyst  
I don't know what it is about how you breathe  
About how you breathe

I want to be alone  
Hate it that no one knows, you're good to everyone  
All them but me  
All them but me

And if you hear me leaving in the morning  
Could you just pretend that it was only wind?

'Cause I can't love you even if I want to  
Got a lot to work through  
You don't know where I've been

It's been a long time coming  
It's been a long time coming  
It's been a long time coming  
It's been a long time coming

Say something sweet to me  
It never meant a thing  
Used to the turbulence  
I wore long sleeves  
I wore long sleeves

Fought till you tethered me  
Swept under surfaces  
Never enough of it  
You didn't think  
You didn't think

If you hear me leaving in the morning  
Could you please pretend that it was only wind?

'Cause I can't love you even if I want to  
Got a lot to work through  
You don't know where I've been

It's been a long time coming  
It's been a long time coming  
It's been a long time coming  
It's been a long time coming  
It's been a long time coming

Coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down

Coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming

Coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down, I'm coming down  
I'm coming down, I'm coming down
