

# The Blue

Gracie Abrams

You live in Hollywood  
You're half an hour from me  
Your reputation's good  
I hope we've got a lot in common

I kinda think you should  
Just drop it all and call me  
You'd tell me on the phone  
You really want to meet my family

What are you doing to me now?  
What are you doing to me now?

You'd talk about your dad  
He used to get so angry  
He'd scare you and your brother  
Till you felt you needed saving

I know I'd let you in  
On all my bad decisions  
You'd make them feel less terrible  
The second that you'd listen

What are you doing to me now?  
What are you doing to me now?

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted

I wonder if you know  
If you can tell I'm losing  
I'm going down without a fight  
I don't know how you do it

You say we share a brain  
Apologizing for it  
But I take it as a compliment  
You make me really nervous

What are you doing to me now?  
What are you doing to me now?

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming

I think you're everything I've wanted

What are you doing to me now?  
What are you doing to me?  
What are you doing to me now?  
Mmm, mmm

Send me every song  
That keeps you up from sleeping  
I bet I could recite 'em all  
I won't forget the feeling

Of staying up with you  
Despite the space between us  
I've never felt this close to someone  
What if you're my weakness?

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted

You came out of the blue like that  
You came out of the blue like that  
I never could've seen you coming  
I think you're everything I've wanted
