Gradur

Hey hey, hey hey, D-Tunes again oh
Ray D ready, Ray D ready, Ray D ready

Girl I do like the way you do that
The way you put your body on me
And girl I do like the way you do that
The way you put your body on me

Baby girl me I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate

She got it, she's a belly dancer
She turned my biro to Eleganzer yeah
She is killing me slowly
She turned bad man to holy man
When she whines that, sugar that
Make your boy faster, sugar that
Lamba this one, lamba that
Whine your body like Yvonne Nelson
Whine your body like Yvonne Nelson
Your body like Yvonne Nelson
Whine your body like Yvonne Nelson
Girl I got your medicine
Whine your body like Yvonne Nelson
Your body like Yvonne Nelson
Whine your body like Yvonne Nelson
Girl I got your medicine

Girl I do like the way you do that
The way you put your body on me
And girl I do like the way you do that
The way you put your body on me

Baby girl me I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate

Allez [?] sur la piste
Laisse-moi m'enjailler sur la piste
Calquer du biff', frotter, frotter des bitches
Les formes les plus jolies d'Afrique
La musique est belle j'veux la santé
Dans l'club de [?] azonto
J'ai envie d'faire un bébé dans ton dos
J'rate jamais ma cible j'suis comme Django
Un bédó, dans l'bando, comme John Doe
J'm'introduis dans ton cœur
Et non bébé j'lacherai pas le magot
Pour toi c'est cinéma, villa, restau
Puis connexion Mac Do'
Une piscine, une villa
Pour tous mes shegueys du village
Le dimanche au Cristal
Des beurettes, des ckes-bla

D'la blanco, du cke-Ja

Girl I do like the way you do that
The way you put your body on me
And girl I do like the way you do that
The way you put your body on me

Baby girl me I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate

Baby girl me I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate
Baby mama, I don't feel concentrate
