

## 9 to 5

Grady

When my pocket's big and full  
I hope I don't act different  
But you can quit that nine to five  
And get some rest  
Hey, hey, hey

Sweetheart, get dressed, I wanna treat ya  
My darling, no, I'm obsessed without your features, oh (no)  
I'm glad we met when I was broke

I remember playing you all my shit (all my shit) and I stand up with (with)  
All the speakers were blown out but you'd insist I made it loud  
I just wanted to make you proud (make you proud) and take you out  
You didn't mind sleeping with me on the couch, so

When my pocket's big and full  
I hope I don't act different  
But you can quit that nine to five  
And get some rest  
I won't have to wonder why (why, why, why)  
You're here or if you like me  
'Cause you've been kissing me goodnight  
Since I didn't have a bed

Take a bite out of that peach  
Drip juice on both my feet  
I work hard, I pump some iron  
Wrap my arms around you and squeeze  
I earned these pennies I pinched  
These views do not come cheap  
The world's so upside down  
Now there's stars living on my street, hey

Make money just spitting my feelings  
Fun guys been killing my demons  
Pretty cool thing when you realize  
You got love and no one can steal it  
I been sober and high as fuck  
I been broke and I made a few bucks  
It doesn't matter if you ain't got love, like

I know you could be anywhere in this whole big world  
And you choose to be right here with me?  
I know a blessing when I see one  
I said I know a blessing when I see

I won't have to wonder why (why, why, why)  
You're here or if you like me  
'Cause you've been kissing me goodnight  
Since I didn't have a bed  
'Cause you've been kissing me goodnight  
Since I didn't have a bed
