

All In

Grady

(Play "Free Bird")
That's it
I don't have no more party tricks
I've had to hold back jumping on your lips for too long
I know I make it way too obvious
When you put those long long nails on me (two, three, four)

Fuck it
I'm all in
Beyond double text shit
I'll call five times in a row before calling it quits
Come on darling
I wanna be reckless
I wanna be myself
Don't wanna tip toe anymore (no more)
No more games (no more games)
No more chase (no more chase)
I'm tired of running and running oh
Fuck it
I'm all in (woo!)

You've been one big ass boost of confidence (big ass, big ass, big ass, big ass)
It feels like the whole world is watching this
Really liking someone is so confusing
I'm on fire, no-one but you fuels it
Fuck a choir
Your voice is all the music I need

Fuck it
I'm all in
Beyond double text shit
I'll call five times in a row before calling it quits
Come on darling
I wanna be reckless
I wanna be myself
Don't wanna tip toe anymore (no more)
No more games (no more games)
No more chase (no more chase)
I'm tired of running and running oh
Fuck it
I'm all in (woo!)

Alright alright, how we feeling out there?
Good good
Alright, we're gonna try something
I'm gonna sing something, and you sing it back to me
It goes like this...
LADADA LADADA LADADADA
Now you guys go...
(LADADA LADADA LADADADA)
You should be up here with me

Fuck it
I'm all in
Beyond double text shit
I'll call five times in a row before calling it quits

Come on darling
I wanna be reckless
I wanna be myself
Don't wanna tip toe anymore (no more)
No more games (no more games)
No more chase (no more chase)
I'm tired of running and running oh
Fuck it
I'm all in (woo!)
Fuck it
I'm all in
