I keep getting hotter as I'm getting older
Bali sounds enticing now, it's getting colder
Almost can't believe it but the summers over
Summers o—
But is it really over?
There's not really seasons here in California
If I want to freeze, I'll take a trip to Boulder
I suck on the skis, but I'm a decent boarder
Crossing borders

I'm an immigrant
In the [?]
Searching for God in myself, but what's the difference?
Cause I'm a star baby, they should call me Michelin
Cause I'm a star baby, uhuh
Uhuh, uhuh
Uhuh, uhuh
Uhuh, uhuh
Cause I'm a star baby, uhuh

We can take a flight if we want to, want
We can take a ride if you want
We can stay outside for a month
