

## Let's Stay Inside

Grady

My girl's built like Mercedes  
Owns her shit never blames me  
Owns her shit nothing's on lease  
I'm her dog, I'm her Maltese  
Sex too good to be low key  
Four doors down think they know me  
Terms not good with the neighbors  
Imma get what I pay for

I'm only attracted to a boss bitch  
So I don't wonder if she wants this  
Yeah she's a real go-getter so I can't sit still  
She's always working no I can't just chill  
Schedule flexing like yoga  
Head feels best on my shoulders  
She don't spend much to prove things  
Does backflips off the mood swings

My girl's built like Mercedes  
Owns her shit never blames me  
Owns her shit nothing's on lease  
I'm her dog, I'm her Malt-

Let's stay inside  
Scroll through 50 films and not decide  
Let's watch Rick and Morty and just make out eating takeout  
You pick the place, you know what I like  
Ripped jeans that I got from my roommate  
They fit me but I like em on you babe  
Ass fat gonna treat it like a pillow  
I cry more than you during every movie

My girl's built like Mercedes  
Owns her shit never blames me  
Owns her shit nothing's on lease  
I'm her dog, I'm her Maltese
