

# Oh My!

Grady

Oh my  
Look at me doing this again  
It's gonna be a long night  
You're up til' 8am most of the time  
With those half-baked eyes on the couch  
Watching the sunrise  
Waiting for your tattoos to dry  
Oh

Your rock and roll persona took me out on a flight  
And I thought, "this is enough"  
I see you going through it so don't say you're alright  
When I know that you're not  
I-I don't remember how we got here but that's fine

Stop signs don't really count this late at night  
My hand between your thighs  
While we're too high singing new light  
Out in the garden  
You get so paranoid about the bugs  
C'mon, just be honest  
That's all I'm ever gonna ask from you

Your rock and roll persona took me out on a flight  
And I thought, "this is enough"  
I see you going through it so don't say you're alright  
When I know that you're not  
I-I don't remember how we got here but that's fine  
You're so kind

Everyone you meet is your best friend  
I don't wanna be your best friend  
You've already got enough of them  
Everyone you meet is your best friend  
I don't wanna be your best friend  
I want to be everything  
Everyone you meet is your best friend  
I don't wanna be your best friend  
You've already got enough of them  
Everyone you meet is your best friend  
I don't wanna be your best friend  
I want to be everything
