

# Only One

Grady

She's not the only one though, no, no  
Get out of bed, yeah  
Come on now  
Wow, yuh [?]  
Are these the credits?  
Where's my little girl?  
I need my stretches, make sure you get the left one  
Yea, just like that

When she pull up, she know the vibe  
Cutie in the candle light  
But she wanna smoke, I'm already high  
But I can always do it twice  
Shit, now she parched, pour up a drink  
At least a liter in the tank  
Deeper in feels, the lower it sinks  
Let's get to what's real, fuck all the fake  
Sit and talk to her for hours  
Always been the boy in flowers  
No tension, intentions are clear  
Validated when she's in the mirror  
Wanna let her see she's special  
Put that confidence up on another level  
Tell her she's beautiful  
Done a couple rounds, still got a few to go, but

She not the only one, no  
She not the only one, no  
She not the only one, no  
She not the only one  
Too many hittin' my phone  
I'm so bad at being alone  
We're honestly pretty close  
But she's not the only one, no, no

Wake up, she making breakfast  
Avocado toast with lemon pepper  
Sunday, so nothing's on the checklist  
We make doing nothing epic  
Let her know that I'm in heaven  
But I said I'd get brunch, I just remembered  
Mimosas are endless, party of seven  
Get an Uber to her now  
Another day, another doll  
She hit me up, wasn't me that made the call  
I guess I agreed to it  
Life is like a movie, I need some theme music  
Walking, she kisses me in public  
Now our friends probably think we're something  
I tell her she's beautiful  
Done a couple rounds, still got a few to go, but

She not the only one, no  
She not the only one, no  
She not the only one, no  
She not the only one  
Too many hittin' my phone

I'm so bad at alone  
We're honestly pretty close  
But she's not the only one, no, no

She not the only one, no  
She not the only one, no  
She not the only one, no  
She not the only one  
Too many hittin' my phone  
I'm so bad at alone  
We're honestly pretty close  
But she's not the only one, no, no
