

## Party's Over

Grady

Party's over, really been an honor  
Finally sober, swimming in the water  
And it's alright  
And it's alright  
I miss California, I really wanna hold ya  
And tell your momma, I'll see you when I'm older  
And it's alright  
And it's alright

And it's alright  
And it's alright  
And it's alright  
And it's alright

What's important, to me has changed so much

A good night's sleep  
Clean white sheets  
Staying conscious of the food I eat  
And I'm falling down in the blue-eyed dreams  
Waking up having you by me  
A good night's sleep  
Clean white sheets  
Staying conscious of the food I eat  
And I'm falling down in the blue-eyed dreams  
Waking up having you by me

And it's alright  
And it's alright
