

## Puddle in the Sun

Grady

Cutie pie, are you gonna be do or die?  
I can see you and I aren't so different  
But you're different in a good way

Never tried certain drugs  
Just like me, look at us  
Couple peas in a pod  
I'm so soft, I know

There's certain codes I try to abide  
There's certain feelings I just can't hide  
But you know that I tried, yeah

I'm an open novel so  
Careful what you're asking me  
I'm hardly ever alone  
I don't have to masturbate  
How did you just come along  
Leave such a good aftertaste  
I'm a puddle in the sun  
Watch as I evaporate

I'm an open novel so  
Careful what you're asking me  
I'm hardly ever alone  
I don't have to masturbate  
How did you just come along  
Leave such a good aftertaste  
I'm a puddle in the sun  
Watch as I evaporate

I would rather spend my night  
Striking out in the major leagues  
Than hit a home run  
With somebody that's too lame for me  
I've got some super model standards  
And you're looking pretty cool up on the camera

It's pretty difficult  
Trying to make you  
Feel uncomfortable  
Put my finger in your nose  
And you keep a straight face  
Tell Michaela she can go  
Cause you're sleeping at my place, yeah

There's certain codes I try to abide  
There's certain feelings I just can't hide  
But you know that I tried, yeah  
(Hands up)

I'm an open novel so  
Careful what you're asking me  
I'm hardly ever alone  
I don't have to masturbate  
How did you just come along  
Leave such a good aftertaste

I'm a puddle in the sun  
Watch as I evaporate

I'm an open novel so  
Careful what you're asking me  
I'm hardly ever alone  
I don't have to masturbate  
How did you just come along  
Leave such a good aftertaste  
I'm a puddle in the sun  
Watch as I evaporate
