

Solo quiero tu amor and just your company
Ve a ver bonita mountain somewhere
Cuando do you want to leave the country
Pick one out a hat and we can go there
Tomar una copa on a sunny beach
What good is a blessing if you don't share?
Mi persona favorita, if you love me
I won't leave until the final sunset

I don't want to stay anywhere for long
And I don't want to go anywhere without you
All that I need
You're all that I need
Hold onto me

Solo quiero tu amor and just your company
Ve a ver bonita mountains somewhere
Cuando do you want to leave the country
Pick one out a hat and we can go there
Tomar una copa on a sunny beach
What good is a blessing if you don't share?
Mi persona favorita, if you love me
I won't leave until the final sunset

When all is said and done, I'm a simple man
Just don't want any spaces in between the travel plans
I got all the time, your daddy's got the cash
We could go forever with a combo like that
Ooo my my that dress fits flawlessly
And I need you by my side when we fall asleep

Solo quiero tu amor and just your company
Ve a ver bonita mountains somewhere
Cuando do you want to leave the country
Pick one out a hat and we can go there
Tomar una copa on a sunny beach
What good is a blessing if you don't share?
Mi persona favorita, if you love me
I won't leave until the final sunset
