

# Homecoming

Graham Colton

Let's go out and walk the streets of your hometown  
Let's go back where you carved your name on the street  
I'll be your homecoming, homecoming king

Let's drive out where the tree was struck by lightning  
Graffiti bridge says "will you marry me?"  
You'll be my homecoming  
I'll be your homecoming  
Homecoming queen

I'll be your homecoming  
You'll be my homecoming king

We don't need a crown stadium lights can burn  
You'll be my homecoming queen tonight  
We can turn off the world  
We can bring it all back too life

Let's go out and walk the streets of your hometown  
Let's go back where you carved your name on the street  
I'll be your homecoming, homecoming king

You'll be my homecoming  
I'll be your homecoming, homecoming queen

I'll be your homecoming king  
Be my homecoming queen  
Homecoming
