

Right Behind You

Graham Colton

I don't if you are coming back,
And I don't if I even got the right to ask
I don't know what you're doing now
If we had a chance I think we'd probably know by now
Chances are we're not

I hope you know
That no matter where you are
I'll never be to far away from you
And I know if you're ever feeling down
And you need someone around
I'll be right behind you

I don't know if you want to know the truth
Everything I felt inside I couldn't let it show
It maybe hope or maybe it's no use
Every time I look you up you're always moving round
Chances are you're gone

I hope you know
That no matter where you are
I'll never be to far away from you
And I know if you're ever feeling down
And you need someone around
I'll be right behind you

I hope you know
That no matter where you are
I'll never be to far away from you
And I know if you're ever feeling down
And you need someone around
I'll be right behind you
