

Shoreline

Graham Colton

Walking tightrope on the shoreline
You and waves are running in time
Find a way to move us forward
I can't wait these final hours

Walking tightrope on the shoreline
All the days run out with the tide
You and nights are getting colder
I can't wait these final hours

The shoreline
The sun, it hides, the gold is gone
The shoreline
The water says you're walking on
The shoreline
The sun, it hides, the gold is gone
The shoreline
The words you said, I'm holding on

Walking tightrope on the shoreline
You and waves are running in time
Find a way to move us forward
I can't wait these final hours

The shoreline
The sun, it hides, the gold is gone
The shoreline
The water says you're walking on
The shoreline
The sun, it hides, the gold is gone
The shoreline
The words you said, I'm holding on
