## **Graham Coxon**

```
Tell me through your beard the USA is weird, Aah
Hide your fears with hats and hang out at your flat, Aah
Don't know what I see but your song sounds good to me, Aah
All I wanna do iz listen to yuz
All I wanna do iz listen to yuz
All I wanna do iz listen to yuz
Now I'm not so alone
Now I'm not so alone
Didn't realize that I was mesmerized, Aah
Had to fall asleep so I sank down at your feet, Aah
I ain't got no choice cos i just love your voice, Aah
All I wanna do iz listen to yuz
All I wanna do iz listen to yuz
All I wanna do iz listen to yuz
Now I'm not so alone
Now I'm not so alone
Lying in my bed I think of stuff you said, Aah
But I ain't understanding, I'm sonically crash landing, Aah
I'll give you 50 pounds for every little sound, Aah
All I wanna do iz listen to yuz
All I wanna do iz listen to yuz
All I wanna do iz listen to yuz
Now I'm not so alone
Now I'm not so alone
