

# Broken Boys

Graham Coxon

Oh girl, I know that looks that's in your eye  
I too would give myself up to the night  
No good falling into the wrong ones arms  
Too much of that kind of fun will hurt your heart

Fuck your party  
You make me wanna  
Blow my soul away  
Left in the dark so I never. No never  
Find a way out

You're dressing up just to take them down  
You're dressing up just to take them down

Yeah you take and give away  
In a charismatic way  
Their bloodshot eyes they rise to you  
Broken boys all end up the same way  
Broken boys all end up the same way  
Broken boy you'll end up the same way

Oh girl  
Oh girl

Oh girl  
Oh girl
