

Click Click Click

Graham Coxon

Got segs in my shoes that make me click click click, yeah!
Got diversions in my head that make me sick sick sick, yeah!
Got a reason in myself to hold the stick stick stick, yeah!
Got a night with no-one home for me to kick kick kick, yeah!

Never really thought about it
Never really talked about
Never really had to find a place to fit, yeah!

Got segs on my shoes that make me click click click, yeah!
Got diversions in my head that make me sick sick sick, yeah!

Never really thought about it
Never really talked about it
Never really had to find a place to fit, yeah!

Never really thought about it
Never really talked about it
Never really had to find a place to fit, yeah!
