

# Feel Right

Graham Coxon

Never had a problem  
When he was 8 years old  
And I feelin' right  
You're falling out of trees  
And you're braking all your bones  
And it feels right  
You feel right  
I feel right

Never had a problem  
Turning 8 years old  
And I feelin' right  
You're getting out the tree  
And you're picking up the soul  
And it feels right  
You feel right  
I feel right

Sinning for it matters  
And no matter how it feels like  
Running across the border  
Away from you

Never had a problem  
When I was 8 years old  
And I feelin right  
Falling out of trees  
And braking all your bones  
And it feels right  
You feel right  
I feel right  
You feel right  
I feel right

Sinning for it matters  
And no matter how it feels like  
Running across the border  
Away from you

Never had a problem  
When I was 8 years old  
And I feelin right  
Falling out of trees  
And braking all your bones  
And it feels right  
It feels right  
I feel right  
Feels right  
I feel right
