

I Don't Wanna Wait For You

Graham Coxon

I read the news, I can't believe it
They're giving God away
Now you can take or you can leave it
They let their people have their say

The human beings are gonna leave it
Find their own American way
I don't know how, but they conceived it
They're gonna tear themselves away

You got what you wanted
You got what you wanted
You got what you wanted
But are you ever getting what you need, yeah?

I don't wanna wait for you
But I know I'm nothing
I don't wanna wait for you
I know
That there's nothing, nothing I can do

The thugs and mugs we call our leaders
They're taking women away
They knock her down and they conceal her
Fill her body full of shame

The human beings are gonna leave it
Find their own American way
I don't know how but they conceived it
They're gonna take themselves away

You got what you wanted
You got what you wanted
You got what you wanted
But are you ever getting what you need, yeah?

I don't wanna wait for you (no, no, no)
But I know I'm nothing
I don't wanna wait for you
I know
That there's nothing, nothing I can do

Nothing I can do
Nothing I can do
No, no no

I don't wanna wait for you, no, no, no
But I know I'm nothing, nothing, nothing, no
I don't wanna wait for you, no, no, no
But there's nothing, nothing
Nothing I can do, Nothing I can do
Nothing, nothing, nothing I can do
Hey!
I don't wanna wait for you no more
I know you think I'm nothing more
Oh! [?]
I don't wanna wait no more for you

I don't wanna wait no more for you
No, no, no, no, no
