

# She Knows

Graham Coxon

Is there a right thing  
For us to do  
She got to you  
You're a thing she knows  
Just tread lightly  
On the ground  
She's all around  
Don't make a sound, she knows

She hears your heartbeat  
Feels you breathe  
Smells the fear  
Always near, she knows  
She knows  
She knows  
She knows  
She knows  
She knows  
She knows

She knows  
She knows  
She knows  
She knows  
She knows  
She knows
