

Something Sweet

Graham Coxon

Been sittin' so long
That I'm stickin' to my seat
Been sittin' so long
Hopin' that there's someone for me
Maybe a girl or boy
Will sit down next to me
Maybe a girl or boy
Who might say something sweet

The nights are long
They don't ever seem to end
I sit and wonder
If you're still my friend
Maybe I'll take a walk
And knock on your front door
I wonder if it could be
Like we were before

Maybe not
