

I Miss You

Graham Nash

Thinking to myself today, I'm sorry that you went away
I'm feeling down what can I say, I miss you
I'm holding back and it's not fair, I think I'm trying not to care
Of broken hearts I've had my share, but I miss you

What did we do last Saturday night
Dining at your mother's on whipped cream and wine
Make me feel good all the time, make me feel good all the time
Make me feel good

What did we do last Saturday night
Dining at your mother's on whipped cream and wine
Make me feel good all the time, make me feel good all the time
Make me feel good

Thinking to myself today, I'm sorry that you went away
