

Break My Rules

GRAHAM

Five-thirty in the morning, I snooze
First thing and I'm thinkin' 'bout you
Oh, I can't seem to make my move

Two holes got caught up in the ozone
Not love but I kinda wanna know though
Keep tellin' myself don't get too close, close, close

So I'm hidin' all my cards
'Cause I don't know if I trust
If I let you in my life
No tellin' when I'll come undone
So I'm sealin' up my heart
'Cause my heart's in it forever
And if you break my walls
Then I will break my rules for you

Not with the drama or the petty little comments that I'm gettin'
' on my phone, no
Yeah, I told my mama and she said, "Don't ever settle for the one
that ain't gold, huh"
Yeah, okay, I rushed in
Lovin' every little thing that I've seen
But, baby I don't know
'Cause I can't trust my own, ooh

Two holes got caught up in the ozone
Not love but I kinda wanna know though
Keep tellin' myself don't get too close, close, close

So I'm hidin' all my cards
'Cause I don't know if I trust
If I let you in my life
No tellin' when I'll come undone
So I'm sealin' up my heart
'Cause my heart's in it forever
And if you break my walls
Then I will break my rules for you

Breakin' 'em
I'm breakin' 'em
