GRAHAM

Ten years with my guard up  
'Cause my heart was damaged and broke before  
Ten days with you, I'm changin'  
You're makin' me more vulnerable  
Not sure what it is, it don't make sense  
But I feel safe around you, you (You)

Ooh-ooh-ooh, can't remember life before you  
You're everything I want and more  
Say what you wanna say  
I won't let go, let go

I'm drivin' in a circle, I don't even care  
I could build a world with you anywhere  
You know that I feel comfortable  
I feel comfortable (Oh-oh, oh-oh)  
Comfortable (Oh-oh, oh-oh)  
You know that I feel comfortable  
I feel comfortable

Stripped of my ego, fully seen and fully known 'round you  
We're just two people, but it's more when I'm alone with you (I  
feel comfortable), you (I feel comfortable)  
Stripped of my ego, fully seen and fully known 'round you  
We're just two people, but it's more when I'm alone with you (I  
feel comfortable), you

I'm drivin' in a circle, I don't even care  
I could build a world with you anywhere  
You know that I feel comfortable  
I feel comfortable (Oh-oh, oh-oh)  
Comfortable (Oh-oh, oh-oh)  
You know that I feel comfortable  
I feel comfortable
