

# Dead On Arrival

GRAHAM

Recall all the fights we had  
I thought that it would make us stronger (Uh)  
It's my fault, only thing that we said (Uh)  
Tryna stay above the water (Uh)  
We got problems I wanna solve (Yeah)  
But you don't wanna get involved (Uh)  
And it seems we're better off (Uh)  
If we break free, maybe

It was worse than I thought it was  
'Cause I didn't want it to be true

Were we dead on arrival?  
Vitals flatlined for a while  
I'm still in denial, denial  
You wanted an idol  
I wanted to walk you down the aisle  
Thought we were alive, oh  
Were we dead on arrival?

Send a text with my eyes closed  
'Cause I don't wanna see the answer  
All in on you, I was so blind  
I was a fool (I was a fool)  
You made a home out of my home (Uh)  
But took everything I gave you  
If I only knew all of the time I was to lose

It was worse than I thought it was  
'Cause I didn't want it to be true

Were we dead on arrival?  
Vitals flatlined for a while  
I'm still in denial, denial  
You wanted an idol  
I wanted to walk you down the aisle  
Thought we were alive, oh  
Were we dead on arrival?

Uh, 'rival  
Uh, 'rival, 'rival  
'Rival, 'rival  
'Rival, oh-oh-oh  
Were we dead on arrival?
