GRAHAM

Last time in the church
Was the church hill downs
Tatted verse but the pen washed out
Praying that you get some new designer
But you don't pray to your designer
Got the fear of god shirt
But the fear not around
Too hurt don't know how to heal now
Praying that you get what you desire
But you don't pray to no messiah

Brand new cars in the loop
Lamborghini Benz pop the roof off
Only feel some if it's new
Louis V logo on the shoebox
350 for a new ghost
Praying for the rolls not the holy ghost
Tell me what matters when you're growing older (Oh na)

Does life get better with the money, I guess so
I pray I never see the day that you rest low
I know that chasing validation never last long
It never last long
You got good credit, but you don't give credit where it's due (Ey)
Just get a bag to feel better that's not true (Ey)
If you get money then there's nothing you can lose (Ey)
Nothing you can lose

(Ohh)
There's gotta be more
'Cause things don't hit like they used to (Oh oh)
Hit like they used to
There's gotta be more
'Cause things don't hit like they used to (Oh oh)
Things don't hit like they used to (Yeah)
