

Enough For Me

GRAHAM

Hello? Hello?
Yeah (Oh-oh-oh)
Nah, mm

If I'm sippin' that Solo, fill it with iced tea, yeah
I got a main thing, don't need a side piece, yeah
Don't want approval, got all that I need, yeah
That's enough for me, that's enough for me
That's, that's enough for me, yeah
That's, that's enough for me, uh
That's, that's enough for me, yeah
That's enough for me, that's enough for me

Yeah, uh, I got some friends that don't understand
Coke in a can, no bottle in hand
Don't gotta fold, I stick with the plan, yeah
Don't gotta drop that lamb, yeah
To show off the man I am, yeah
500K on the 'Gram, yeah
But not many really know Graham, nah
Yeah, and I don't need vices to make me feel alive
When I know that deep inside it's gon' leave me feelin' lifeles
s
And I'm not gon' hide it, it's not because I'm righteous
Just don't need your compliance, oh-oh-oh
Fittin' in ain't my desire
'Cause if I take the inch, then I might just go the mile
This ain't nothin' new, I've been doin' this a while
But you know I might pull up to the party goin' wild

If I'm sippin' that Solo, fill it with iced tea, yeah
I got a main thing, don't need a side piece, yeah
Don't want approval, got all that I need, yeah
That's enough for me, that's enough for me
That's, that's enough for me, yeah
That's, that's enough for me, uh
That's, that's enough for me, yeah
That's enough for me, that's enough for me
