

Figure It Out

GRAHAM

Yeah, I'm flawed, it's something you gotta live with
But you don't mind 'cause we're identical
Yeah, I'm a mess, but I don't wanna admit it
And you saw the signs I kept invisible

And I'll make mistakes, and you'll do the same
It's our common ground, we're making it count
'Cause love is a game, that we're tryna play
And we don't know how, but we'll figure it out

It's late, but I don't want you to go
Just stay, I know we'll figure it out
I hate to see you leave here alone
Just stay, I know we'll figure it out

Call me when you want me, call me when you need me
Yesterday was hollow, but we still got tomorrow
You're the air I'm breathing, only thing I'm needing
You lead, I will follow, where you go, that's where I'll go

And I'll make mistakes, and you'll do the same
It's our common ground, we're making it count
'Cause love is a game, that we're tryna play
And we don't know how, but we'll figure it out (Figure it out)
Figure it out (I figure it out), figure it out
'Cause love is a game, that we're tryna play
And we don't know how, but we'll figure it out

It's late, but I don't want you to go
Just stay, I know we'll figure it out
I hate to see you leave here alone
Just stay, I know we'll figure it out
