If I'm havin' fun inside the grocery store then I might be attr

Oh, when I get bored you always distract me
I don't feel ignored
When I'm with you I lose track of time
If I'm havin' fun inside the...

Okay, I spent some days around you, I'm feelin' somethin'
Okay, there's somethin' new about you, I think I want it
Do you believe in soulmates?
I see you in my old days
I think you're one of a kind (Oh, oh, oh)
Yeah you find gold, put it in so she gon' take it slow, slow
Five-four, in control, she gon' let it show, show
I think you're so important
I hope I'm not distortin' us

If I'm havin' fun inside the grocery store then I might be attr

Oh, when I get bored you always distract me
I don't feel ignored
When I'm with you I lose track of time (Yeah)
If I'm havin' fun inside the...

Late night walks and I'm foldin' laundry in your room
Photos in a box, doin' stuff I used to never do
You didn't change my mind, I'm just right by your side
If I'm with you I'm alright (Yeah)
These things that used to be boring are not boring to me
These things that I was ignorin' are important to me
Lately, it's all been confusin'
I know that it's stupid but

If I'm havin' fun inside the grocery store then I might be attr

Oh, when I get bored you always distract me
I don't feel ignored
When I'm with you I lose track of time (Yeah)
