

Heartbeat

GRAHAM

There's a pulse in my chest
Baby, don't you hear it?
When you're close, I can rest
You make me feel fearless

I can't control the way my soul longs for you and no one else
I hope you know that you're the antidote for my health

You're like a heartbeat, keepin' my rhythm
I know you got me all the way home
And you're what reminds me that there's more to living
You're like a heartbeat, bum-bum-ba-da-dum-bum
Bum-bum-ba-da-dum-bum, bum-bum-ba-da-dum-bum (Oh, hey, hey)

Hold my hand, don't let go
You're the air I'm breathin'
Help me stand when I'm broke
You're everything I'm needin'

I can't control the way my soul longs for you and no one else
I hope you know that you're the antidote for my health

You're like a heartbeat, keepin' my rhythm
I know you got me all the way home
And you're what reminds me that there's more to living
You're like a heartbeat, bum-bum-ba-da-dum-bum
Bum-bum-ba-da-dum-bum, bum-bum-ba-da-dum-bum (Oh, hey, hey)

Bum-bum-ba-da-dum-bum
Bum-bum-ba-da-dum-bum
Bum-bum-ba-da-dum-bum (Oh-oh-oh)
Ayy, ayy

You're like a heartbeat, keepin' my rhythm
I know you got me all the way home
And you're what reminds me that there's more to living
You're like a heartbeat, bum-bum-ba-da-dum
