

## Look Too Easy

GRAHAM

Make sure that I'm on my game  
But for you it takes no effort (Hey, hey)  
And I'll do whatever it takes because you deserve better (Woah, woah)  
And I can't help I'm feeling this way  
But I hope it lasts forever (Forever, hey)

And oh, I hope you realize  
That you're more than meets the eye  
Oh, you're perfect every way, got no mistakes

You make lookin' good look too easy (Too easy)  
And if you understood what I'm seein' (What I'm seein')  
Then you might move out to Hollywood  
Get a brand new job that pays real good  
But, somehow, you're still right here with me  
You make looking good look too easy (Too easy)  
And who I wish you were, just believe me (Believe me)  
But I don't want you to ever leave  
You might find somebody better than me  
I'm sure there's opportunities  
When looking good looks easy

And I wear the best thing I've got  
But with you, I'm underdressed  
And I couldn't help but shoot my shot  
But I'm a long way from that net  
And I give whatever it costs  
But that's a lot of money spent

And oh, I hope you realize  
That you're more than meets the eye  
Oh, you're perfect every way, got no mistakes

You make lookin' good look too easy (Too easy)  
And if you understood what I'm seein' (What I'm seein')  
Then you might move out to Hollywood  
Get a brand new job that pays real good  
But somehow you're still right here with me  
You make looking good look too easy (Too easy)  
And though I wish you would just believe me (Believe me)  
But I don't want you to ever leave  
You might find somebody better than me  
I'm sure there's opportunities  
When looking good looks easy

You make it look easy, easy, easy  
When looking good looks easy  
You make it look easy, easy, easy  
When looking good looks easy
