

## no option

GRAHAM

The promises we made, baby, I intend to keep  
Sometimes what I say and what I'm doing, they competing  
The people that we are ain't the ones I wanna be  
I can feel the distance, tell me what's between us  
Tell me what's between us  
I gave you my heart, but you gave it back in pieces  
You know all my flaws, I ain't tryna keep 'em secret  
Keep 'em secret, no

We were never perfect, we got lots of problems  
Deeper than the surface, we've been at the bottom  
Yeah, 'cause the only, only, only thing we got in common  
We don't, we don't, we don't, we don't got another option  
Love me, remember when you said it  
Might not say I'm sorry, but you know I regret it  
Yeah, 'cause the only, only, only thing we got in common  
We don't, we don't, we don't, we don't got another option

We knew that this wasn't gong be easy  
I seen every angle, I ain't talking 3D  
Uh, we not moving forward like it's traffic  
Swerving through the madness  
Uh, time, time, time again, we hurt feelings  
Hot, then we're cold, going in and out of seasons  
Yeah, even in my weakness, I ain't never leaving, no

We were never perfect, we got lots of problems  
Deeper than the surface, we've been at the bottom  
Yeah, 'cause the only, only, only thing we got in common  
We don't, we don't, we don't, we don't got another option  
Love me, remember when you said it  
Might not say I'm sorry, but you know I regret it  
Yeah, 'cause the only, only, only thing we got in common  
We don't, we don't, we don't, we don't got another option

We don't got another option, no
