

Not My Problem

GRAHAM

All the nights you stayed by me
If wrong or right
I'd never treat you wrong, you wrong
Oh, I'd pay the price for all you need forever life
Not what it seems oh, no
Oh, no

You can love or hate me
But I'm not waiting here (here)
Oh, when you replace me
With someone who you just don't belong (belong)

That's not my problem (Hey, hey)
I'm not your asylum (Hey, hey)
We're no longer in common (Hey, hey)
All the feelings, I forgot 'em (Hey, hey)
Ohh, hey

Yeah
If people don't change
Something 'bout you is not true, yeah
Ayy, doing things but it's not you
I've been tryna find the finish line, Karhu
Under my skin like a tattoo
I won't be around you to talk to, yeah
And you never saw the value (No, yeah)
Sinking like quick sand, it's not planned
Now you wanna reach out for my hand
Baby, you must not understand
'Cause that offer's still not standing
Took it for granted, I gave you the planet
And now you wanna act like friends (Ayy)
You did the damage but I learned to manage
I ain't giving out no chance

You can love or hate me
But I'm not waiting here (here)
Oh when you replace me with
Someone who you just don't belong (belong)

That's not my problem (Hey, hey)
I'm not your asylum (Hey, hey)
We're no longer in common (Hey, hey)
All the feelings, I forgot 'em (Hey, hey)

That's not my problem
