

one last time

GRAHAM

I hate the thought
Of leavin' you a lot
I'm not scared of us workin' out
I just hope that we stick around

A life with you is not somethin' in my control (Oh)
And if I die, then, baby, I don't wanna die alone, no

If the ocean runs dry, if the sun loses light
Baby, would you hold me so tight one last time?
If there's a cold day in July, and if we had to say goodbye
Baby, would you hold me so tight one last time? (Oh)

One last time, one last time

I won't settle for less
'Cause you're the one I won't forget
When the clock gets countin' down
You're the only thing I need now

A life with you is not somethin' in my control (Oh)
And if I die, then, baby, I don't wanna die alone, no

If the ocean runs dry, if the sun loses light
Baby, would you hold me so tight one last time?
If there's a cold day in July, and if we had to say goodbye
Baby, would you hold me so tight one last time?

One last time, one last time (Oh)
One last time, one last time (Oh)

If the ocean runs dry, if the sun loses light
Baby, would you hold me so tight one last time?
