

# Pull You Closer

GRAHAM

If I pull you closer  
Could I win you over?  
Tell me you're in love  
But don't tell me when you go  
Let's stay in the moment  
We don't have to go yet  
Would you pick me up  
Or would you pick up a stone?

I don't wanna know  
You took me high when I was low  
It's obvious you got a hold  
Like baby don't leave me alone  
All alone

Too much on my mind, I need a break  
But that's how it goes  
I know I'ma make a few mistakes  
But you gotta know  
You don't need to worry, I'ma wait  
All I wanna know  
You're all I wanna know

If I pull you closer  
Could I win you over?  
Tell me you're in love  
But don't tell me when you go  
Let's stay in the moment  
We don't have to go yet  
Would you pick me up  
Or would you pick up a stone?  
Pulling you close  
Pulling you close  
If I pull you closer  
Could I win you over?  
Tell me you're in love  
But don't tell me when you go

Call you when I need you, you're my great escape  
Promises we made, I pray we never lay to waste  
Betting on us, ain't no better one to place  
Betting on us, ain't no better

Too much on my mind, I need a break  
But that's how it goes  
I know I'ma make a few mistakes  
But you gotta know  
You don't need to worry, I'ma wait  
All I wanna know  
You're all I wanna know

If I pull you closer  
Could I win you over?  
Tell me you're in love  
But don't tell me when you go  
Let's stay in the moment  
We don't have to go yet

Would you pick me up  
Or would you pick up a stone?  
Pulling you close  
Pulling you close  
If I pull you closer  
Could I win you over?  
Tell me you're in love  
But don't tell me when you go
