

Rooftop

GRAHAM

I'm gonna scream from the rooftop
That I don't miss you anymore
Why, oh, why, oh
Why, oh, why, oh

Oh, I'm gonna miss your family, miss your granny
Miss me sitting in your '16 Camry
Baby, don't misunderstand me
I don't need you, yeah
Don't hit me up all friendly
This time, babe, I swear I mean it
Don't hit me up pretending
Just let go

I'm gonna scream from the rooftop
That I don't miss you anymore
Don't miss you anymore
I'm gonna sing to my new song
It ain't 'cause I don't need you anymore
Don't need you anymore

Yeah, uh
It was like 24/7, I can't get out of bed
I thought that I could leave you (Yeah)
Twenty more seconds, at least I'm off the ledge
I thought that I don't
I don't wanna talk about it, it's too crowded
In this house that I gotta get out of
If I'm honest, I'm exhausted
I don't need you

I'm gonna scream from the rooftop
That I don't miss you anymore
Don't miss you anymore
I'm gonna sing to my new song
It ain't 'cause I don't need you anymore
Don't need you anymore
