

Run Run Run

GRAHAM

We made vows, crazy how we gave on entire lives
Hold it down, silence doubts
Leap of faith, we took the stride

You don't ever need to worry I'ma leave
There's not a moment that you wonder if I'll be there for you
Baby, let's go, baby, let's go

Run, run, run, jump in the gun
We're too young to take it slow
We're not done, we've only begun
Say what you want, you know when you know
I'm runnin' (I'm runnin'), I'm runnin' (I'm runnin')
I'm runnin', I'm runnin' with you
I'm runnin', I'm runnin'
So, baby, let's run, run, run
Baby, let's run, run, run

Worse or better, it's forever
There's no option but survive, yeah
Work together, every weather
You and I, it's do or die

You don't ever need to worry I'ma leave
There's not a moment that you wonder if I'll be there for you
Baby, let's go, baby, let's go

Run, run, run, jump in the gun
We're too young to take it slow
We're not done, we've only begun
Say what you want, you know when you know
I'm runnin' (I'm runnin'), I'm runnin' (I'm runnin')
I'm runnin', I'm runnin' with you
I'm runnin', I'm runnin'
So, baby, let's run, run, run
So, baby, let's-

(Oh-oh-oh)
So, baby, let's run, run, run
Run, run, run
Baby, let's run, run, run
