

Save Me

GRAHAM

I need you to save me, it's been long nights and my mind's goin' crazy
Runnin' out of time, I don't think I'll ever break free
Oh, my baby, I need you to save me
Oh, my baby, won't you save me?
I can't seem to move, but the world around is changin'
I've been through so much, I don't know if there's more to take in
Oh, my baby, I need you to save me
Oh my baby, I need you to

Yeah, yeah, we've been fallin' out of touch, I know it's real (Uh, uh)
I never thought without you, this is how I feel (Uh, uh)
And I got scars and memories I need to heal (Okay)
And you're the only one who will
I've been down, I'm down, I'm down, I'm up, I'm up, I'm up
I go back and forth so much, you think I probably had enough
If it's over, then it's over, but I hope what's done ain't done
I don't think that I could hurt no words, I'm already so numb, yeah

I'm on the edge, oh, I'm one more step
I'm reachin' out, hey baby, won't you grab my hand?
'Cause I need you to, I need you to

I need you to save me, it's been long nights and my mind's goin' crazy
Runnin' out of time, I don't think I'll ever break free
Oh, my baby, I need you to save me
Oh, my baby, won't you save me?
I can't seem to move, but the world around is changin'
I've been through so much, I don't know if there's more to take in
Oh, my baby, I need you to save me
Oh, my baby, I need you to

Hold me down, oh, don't you let me go
Last time you left, the last time I was home
It's not enough to keep up on the phone (Phone), yeah
I need you here, I don't wanna be alone
I've been sick and I can't get better, my mood changes fast, like the weather
I've been under too much pressure, where would I go if it's not together?
I'm tryna get back what you took, I gave up everything I was
I'm incomplete without your love, I'm incomplete without your love

I'm on the edge, oh, I'm one more step
I'm reachin' out, hey baby, won't you grab my hand?
'Cause I need you to, I need you to

I need you to save me, it's been long nights and my mind's goin' crazy
Runnin' out of time, I don't think I'll ever break free
Oh, my baby, I need you to save me
Oh, my baby, won't you save me?
I can't seem to move, but the world around is changin'
I've been through so much, I don't know if there's more to take in
Oh, my baby, I need you to save me
Oh, my baby, I need you to

I need you to save me
Oh, my baby, I need you to save me
