

Something Else

GRAHAM

Somebody tell me what's the purpose
I've been livin' my life at the surface
Gotta be more to the same routine of work and sleep

I don't want your feel good habits that you're hidin'
I don't wanna hear that it's all about timin'
I don't wanna hear that it's all about findin' you

If there's somethin' else, I don't deserve it
Help, how can I be yours? (Woah)
Woah, I live by myself
It's not workin', help
God, I need You more (Woah)
'Cause I can't by myself

Pick your poison
That quick satisfaction you said that you quit enjoyin'
For the wrong things I'm loyal
Won't take blame like a lawyer
My blessings, I'm spoiled
But I still can't be joyful, nah (Oh, oh, oh)
Please save me, no
Sometimes I do things that I'm hating (Oh, oh)
Please save me, no
I don't wanna cave when they persuade me, no

I don't want your feel good habits that you're hidin'
I don't wanna hear that it's all about timin'
I don't wanna hear that it's all about findin' you

If there's somethin' else, I don't deserve it
Help, how can I be yours? (Woah)
Woah, I live by myself
It's not workin', help
God, I need You more (Woah)
'Cause I can't by myself
